

Joining PTA provides an opportunity for you to be involved with your child’s educational development. Being engaged provides a positive connection between your family, your child and our school community. Getting involved promotes the best possible school experience for both you and your child.

We sponsor many fun, family oriented activities throughout the school year. These include monthly Family Fun Nights, a Winter Carnival, Book Fairs, and a Last Day of School Celebration. We are also involved in educational related programs such as technology development and Brookside’s expanding community garden. When you join PTA, you make these activities possible!
